Isle of Palms Fire Department
Call Summary
June 2010

6/1/10	Personnel responded to a report of a woman locked out on a balcony at Sea Cabins. Firefighters used a ladder to get the woman down safely.
6/2/10	Personnel responded to the beach at Station 25, where Sullivan's Island personnel were working on a person in full arrest as a result of a near drowning. The other two (2) swimmers were put on Boat 5 and returned to the beach. Boat 5 was trailered and returned to Station 1.
6/6/10	Personnel responded to a call of a sailboat with people possibly in distress. Caller was on the beach and advised she wasn't sure if there was distress but vessel seemed to have been stuck on a sandbar. Boat 6 was launched and made contact with the vessel's crew who advised they had gotten stuck but were able to break free and no time were any persons in distress.
6/8/10	Personnel responded with Boat 3 to Goat Island to investigate a resident's problem with the stove. Fire Department personnel secured power to the stove at the breaker and using the Thermal Imager was able to determine that there was an increase in temperature to the breakers around the stove. Smoke detectors were checked and a new detector was installed. The owner was advised to call 911 if there were any additional problems. Boat 3 returned to the Isle of Palms Marina.
6/17/10	Personnel responded to Summerhouse Villas for three (3) people stuck in the elevator on the 4th floor. Elevator keys were used to open the door. Residents were uninjured and did not require any medical assistance.
6/17/10	Personnel arrived on 55th Avenue to be met by a resident's son who advised that his mother was stuck in the elevator for about an hour due to a power failure. The resident stated that she was okay, however, the owner was unable to provide elevator keys. Engine 2's keys did not work and hinges on door were rusted. Door was popped with minimal damage since resident did not want to wait for power to be restored.
6/18/10	Personnel responded to a call of a reported fire in an outside grill on the back deck of the VFW. Upon arrival found two (2) grills with propane being piped in from underground tank. One grill was glowing red and the control knobs had melted off and the other was at a normal cooking temperature. Key holder and Police Department arrived and the main propane tank was secured by the building manager and firefighters returned to station.

Isle of Palms Fire Department
Call Summary
June 2010

6/21/10   Personnel launched Boat 3 to respond to call of a boat stranded on an oyster bed in Grey Bay. Engine 1 responded to connector for visual of the stranded boat. Boat 3 was forced to turn around since the tide was too low. Command requested Charleston County Air Boat and it was launched from the marina. Engine 1 was relocated to the marina and Rescue 2 went to the connector for the visual. Upon Charleston County's arrival at the stranded vessel, the people decided to stay on the boat until the tide came in. Occupants were advised to call the Coast Guard when freed from the oyster bed. All units returned to the station.

6/28/10   Personnel responded to Cameron Boulevard for a downed power line. The power pole had broken and residents were advised to stay in their homes and no people were allowed to enter the street until safe. SCE&G killed the power to the lines and allowed some residents to return home. Residents were advised that the crews would be arriving to repair the lines..

6/29/10   Personnel responded a swimmer far out in the ocean. Additional calls were received and the Captain was advised that a friend paddled out on a surf board to try and get him. Boat 5 was launched and was able to pick up the swimmer from the surfer and return him to shore. The swimmer was checked and released.

6/29/10   Isle of Palms Fire Department personnel responded to several calls for missing children on the beach. All the missing children were found and reunited with the appropriate people.

6/29/10   Isle of Palms Fire Department personnel warned numerous visitors about sandbar dangers.

Career Personnel		Volunteer Personnel	
Total Training Hours	1132.50	Total Training Hours	328.75
Hours Per Person	30.60	Hours Per Person	25.30

Additional Training

All career personnel participated in training on the following topics: sprinkler systems, forcible entry, personal protective equipment, and pre-incident surveys.

All volunteer personnel received training on sprinkler systems. Personnel also participated in the City's Disaster Expo.

Medical in-service training covered Airway and Ventilatory Management.

Captain Bob Maibach served as the Lead Instructor for a Truck Company and Support Operations course conducted through the S.C. Fire Academy and hosted by the Isle of Palms Fire Department. Engineer Ryan O'Shea successfully completed this same course.

Firefighter Ben Siegel successfully completed the Intermediate Incident Command System course through U.S. Coast Guard. The course was held at the Charleston County Public Safety Building in North Charleston.

Firefighter Michael Haynie successfully completed the Firefighter Candidate School at the S.C. Fire Academy in Columbia. He completed all the required training to meet the NFPA Firefighter II standard.

The volunteer roster is currently at 13 members.

Isle of Palms Fire Department
Public Relations Report
June 2010

6/3/10	Engineer Pesature and Firefighter Moody responded to a resident's request to remove the broken flag rope and bring the flag down.
6/9/10	Captain Tetor, Engineer Bolen and Firefighters Morris and Walther responded to a request to help a resident recently discharged from the hospital to the second floor of her home.
6/12/10	Chief Graham, Engineer Everitt and Firefighters Buzille, Corbett and Volunteer A. Graham assisted the doctors and students of MUSC with the annual ALS run on the beach.
6/15/10	Engineers Bolen and O' Shea assisted an ill resident into a plane at Charleston International Airport for her trip home at the family's request.
6/22/10	Engineer Carr and Firefighter Buzille responded to the beach to remove a board sticking up out of the sand.
6/23/10	Captain Eagle, Engineer Puckhaber and Firefighter Weakly responded to a resident's request to help get off the floor. Trying to get in his chair, he fell, was uninjured but required help getting up.
6/24/10	Captain Eagle, Engineer Puckhaber and Firefighter Weakly responded to a resident's call for assistance in getting up after a fall. Resident stated he was uninjured.
6/24/10	Engineer Stinnett assisted a resident from a wheelchair to vehicle for a doctor's appointment.
6/24/10	Engineer Stinnett upon the return from the doctor's appointment assisted the resident back into the wheelchair from the vehicle.
6/26/10	Firefighters Kilbride and Weakly transported two (2) disabled women to Breach Inlet for a wedding and back to their parked cars at the Boat House.
6/28/10	Firefighters Hall and Weakly responded to a resident's request for assistance into her vehicle.
6/28/10	Engineer Bacon and Firefighter Walther responded to a resident's request for a smoke detector check. Personnel installed two (2) new smoke detectors in the bedrooms and checked the two (2) existing detectors, all four (4) were working.

6/29/10   Captain Tetor and Engineer Bacon responded to Cameron Boulevard to
             assist a resident by turning on her back up oxygen tank due to power
             failure in the area. The resident was in no distress and advised she was
             in no need of medical attention.

Communications Report
June 2010

June 9, 2010
Representatives from Charleston County, Motorola, and Crown Castle addressed the Public Safety Committee and discussed the radio tower that has been proposed for installation on the Isle of Palms. The proposed tower is one of six needed to improve public safety communications in some locations to an acceptable level throughout Charleston County. There are three phases to the overall radio system upgrade project. The Isle of Palms towers along with five other towers are part of Phase 1 and Phase II. The current proposal is to construct a 230' communications tower near the water tower located at 1300 Palm Boulevard. The Public Safety Committee requested that Motorola, Charleston County, and Crown Castle investigate alternative locations on and off of the island.

June 11, 2010
Chief Graham met with representatives of the Isle of Palms Water Commission, Charleston County, and Crown Castle to discuss the proposed radio communications tower on Isle of Palms. After an onsite visit, it was determined that a 230' monopole type tower could be constructed within the space available next to the water tower which would allow for an easy transfer of existing equipment from the water tower to the new tower. The group also discussed several additional locations that will be evaluated.
