

COMMUNITY ENRICHMENT TASK FORCE
9:00am, Thursday, September 12, 2024
1207 Palm Boulevard, Isle of Palms, SC

MINUTES

Present: David McNair (facilitator), Susan Smith, Alex Stone, Joe Ready, Linda Tucker, Maryanne Chalmers, Bev Miller, Paige Grimball (arrives 10:10am), Hugh Swingle, Sara Vega, Patsy Hindman, Rod Turnage, Ben Marks

Absent: Bill Skeen

Staff Present: Administrator Fragoso

Ms. Chalmers and Ms. Smith shared the drafts of their respective committee's work. Task Force members and Mr. McNair provided feedback on the drafts.

Mr. McNair asked Task Force members to consider more "digestible" ways to share and prioritize the components of each committee's work so that it becomes more actionable to Council and the public.

Speaking to the working draft of the Environmental committee, Ms. Grimball suggested highlighting the need for communication and education for all components as opposed to having it mentioned for each section.

Mr. McNair suggested the Task Force set additional meeting dates in October to complete their work while also providing City Council with an update at one of their October meetings. He proposed presenting a final deliverable to Council in the first quarter of 2025.

Ms. Tucker suggested Task Force members review the survey responses and the community listening sessions prior to the next discussion on Quality of Life.

A poll for future meeting dates will be sent to Task Force members.

Respectfully submitted,

Nicole DeNeane
City Clerk
