The Task Force conducted a thorough review of the Environmental section of the plan. Ms. Tucker suggested that generic names for organizations be used throughout the document (e.g. Energy Provider in place of Dominion Energy).

Director Kerr provided context as well as current and past City efforts around the recommendations in this draft.

Ms. Stith will share the changes made to the draft with Ms. Smith. She said the goal is still to have a draft of the web version available for the December 17 meeting. Ms. Tucker and Ms. Smith will provide feedback on the website draft ahead of the December 17 meeting.

Ms. Stith will set up a 30-minute web-based meeting to provide feedback on the Safety section of the plan.

The meeting ended at 11:02am.
